

Fire Players and Parents,

Eurosport is happy to offer you an online ordering platform for your membership. Below is all of the information needed to place a successful order through the soccer.com Fire platform.

Eurosport Uniforms: All uniform items with customization are given to the Fire at exclusive prices that are available to our members.

Numbering: All uniform numbering is pre-selected by Fire and is now fixed. Numbers are preselected in age group assignments.

E-mail Link: An e-mail will be sent to each player from Eurosport with a uniform link to enter the online platform on SOCCER.COM. The e-mail will also include a list of all required items for the player. Website access is not available to the public; the link contains a cookie to access the Florida Fire Jrs site. You must enter the system through this link in order to gain access to the Florida Fire Jrs site. ****It is very important that you add custserv@sportsendeavors.com to your safe list on your personal e-mail as this will be the address that the club link comes from.**

Website: The Eurosport website is www.soccer.com and once you have clicked on your e-mail from Eurosport, you will see a Fire Florida Jrs link in the top right hand corner of soccer.com. This will live on the site as long as you do not clear your cookies from your internet browser.

Ordering: You will be able to shop and buy all items from your shopping list within SOCCER.COM. Click on your players' name within their team and purchase the specific jersey and practice kit. All players will have pre-selected customization that cannot be changed. Continue shopping by clicking on the Fire Florida Jrs store making sure to buy all other items on your e-mail list (i.e. game shorts/socks, practice shorts/socks, jacket and back pack). In addition, any family member may add on to a players order at club pricing. Multiplayer orders will be allowed and can be easily performed using the search engine within the club page. The ordering process takes approximately 20 minutes to complete.

Delivery: Your order will include non-customized items (such as socks) as well as items that need customization. Items without customization will ship from Eurosport's warehouse within 24 hours. All items with customization will be required several days to receive customization. An e-mail with an expected ship date will be sent to you upon placing your order. You may check the status of your order by entering your order # and zip code in the following link:
